

# Touring Belgrade

## Introduction:

Qatar is probably the last place you think of when thinking of travelling to the Gulf. But look beyond the vivid nightlife of Dubai, UAE and the rustic culture of Kuwait and you will find, nestled in the folds of the Persian Gulf, a pearl of a country thus far overlooked. Having lived here my entire life, I feel there is no one better to take you through your journey to Qatar. I'd love to guide you through your all aspects of Qatar, from the *avant-garde* architecture in central Doha to the gently sloping dunes of Al-Dukhan. I invite you to take a look through what I have to offer and hope sincerely to find a new buddy from a new country in you.

Dave.
